4. Minors are expressly forbidden to bid in this sale.
5. Bidders not known to us must furnish satisfactory credit references, sufficiently in advance of the sale to allow for checking, or a deposit equal to 25% of the bids submitted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded.
6. All bids must be per lot as numbered in this catalog. No lots will be broken.
7. We reserve the right to withdraw any lot prior to the sale.
8. All items in this catalog are guaranteed to be genuine unless specifically stated otherwise in the lot description. Claims to the contrary must be made in writing within three days after receipt of the lot. Any returned lot must be intact and in its original unopened holder. No lot may be returned without prior written consent. In no event may any lot be returned after thirty (30) days from the date of sale. LATE REMITTANCE FOR PURCHASES CONSTITUTES JUST CAUSE TO ABROGATE ALL RETURN PRIVILEGES FOR ANY REASON.
9. Lots that have been examined prior to the sale may not be returned for any reason other than authenticity.
10. Grading is a subjective description in the opinion of the cataloger, as to the state of preservation of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and not a grade or condition. Such terms are the opinion of the cataloger and shall be deemed to be part of the description and not an attribution. No warranty, whether expressed or implied, is made with respect to such adjectival descriptions, which can and do vary among experts.
11. Please note: Auction sales are not approval sales. You must assume the responsibility for paying for all material that is awarded to you.
12. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. Successful bidders will be awarded the lot at a nominal advance over the second highest bid. When identical bids are received, for a lot, preference is given to the first bid received. We reserve the right to refuse any bid, that we believe has not been made in good faith.
13. We can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.
14. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.
15. All photographs in this catalog are of the actual items being sold.
16. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) invoiced to successful bidders. All lots delivered in the state of California are subject to applicable sales tax. Individuals purchasing lots for resale must submit an exemption certificate, signed by the purchaser or his agent and recognized by the state of California, with their current resale certificate number or be subject to the sales tax.
17. We reserve the right to require payment in full before delivering any lot to a successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer. All lots sent to foreign countries, including Canada and Mexico, will be billed at an additional 1/2 of 1% for insurance. The minimum insurance fee is \$5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.
18. In the event a bidder fails to make remittance promptly, we reserve the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
19. If the invoice for this sale is not paid for in full, when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid in full. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other costs incurred by Ponterio & Associates, Inc. The courts of San Diego County, California shall have exclusive jurisdiction and venue over any suit initiated by Ponterio & Associates, Inc., to collect past due invoiced and the service of process by certified/registered mail, return receipt requested, shall be sufficient to confer "in personam" jurisdiction over bidder.
20. We reserve the right to postpone this sale for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event., which, in the judgement makes it inadvisable to hold the sale as scheduled.
21. Our ultimate liability for any item is the price paid.
22. By bidding in this sale, bidder personally guarantees payment; if a corporation is the bidder, the officers and/or principals of the corporation agree to personally guarantee payment.
23. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company.
24. Bidding in this sale constitutes acceptance by the bidder of all the forementioned terms and conditions of sale.
25. Please remember that the mail is sometimes very slow. Please mail your bid sheet early to be sure we receive your bids prior to the close of the sale.
26. We offer the service of limiting the total purchases of bidders. This service is available only to the bidders who wish to limit purchases of \$500 or more. To limit purchases, simply fill in the proper areas on the mail bid sheet. Bids may then be submitted for amounts up to three times the amount of your limit total figure. You may also enter your bids in an order of your preference. We will attempt to buy for you up to your limit in the order you designate. You may also select to bid on two similar lots with instructions to buy only one of them. For instance, if lot 102 and 103 were similar and you wanted only one of them, bid on both with instruction to buy only one. We will then attempt to buy for you one of the two for the lowest price.

20. Nos reservamos el derecho de posponer esta venta, por un periodo razonable, por el resultado de un acto de guerra, una desgracia natural o un acontecimiento importante, por lo cual, en la opinión del subastador, ejercido razonablemente, se hace inconveniente realizar la subasta como estaba prevista.

23. Todas las hojas de ofertas sometidas por correspondencia deberán ser firmadas. Las ofertas de una compañía deberán ser sometidas y firmadas por un agente autorizado de esa compañía.
24. El solo hecho de pujar en la subasta presupone el completo acuerdo con todos los términos descritos y las condiciones de la venta.
25. El correo es a veces muy lento. Envíe su hoja de ofertas con tiempo para asegurar la recepción de sus ofertas antes del día de la subasta.
26. El postor puede fijar un limite total de su compra. Se le ofrece esa opción solamente al postor que limite el máximo de su compra a \$500 U.S. o más. Para fijar un limite, simplemente anote en el espacio correspondiente en su hoja de ofertas. Las ofertas entonces podrán ser sometidas por cantidades hasta un máximo de tres veces más la cantidad de su limite en total. Ud. también puede someter sus ofertas en un orden de preferencia. Intentaremos de comprarle hasta su limite y en el orden por cual nos designe. Ud. también puede pujar en dos lotes similares con la instrucción de comprar solamente uno de los dos lotes. Por ejemplo, si los lotes 102 y 103 son similares y Ud. solamente quiere uno de los dos, haga su oferta en los dos lotes con la instrucción para comprar solamente uno. Entonces nosotros intentaremos de conseguirle uno por el precio más bajo de los dos lotes.

INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" are of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

LOT	BID
#10	\$150
#36	\$200
#40	\$400
#100	\$700

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each of the lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #10 as \$150. If yours was the highest bid received, you would be the purchaser at \$150 (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

VIEWING OF LOTS

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m. October 20, 2003 through November 11, 2003 only.

Time Certainly Flies When You're Having a Good Time !

I recently realized that in my 12 plus years "career" here I've been deeply involved in the production of 80 auction catalogs and have evaluated, written up and/or reviewed attributions of tens of thousands of coins, banknotes, medals, tokens and other items. A tremendous number of these items became lots in our auctions while other material was for our business inventory; in either case, there has always been the anticipation and excitement of opening a package of recently received "goodies" for the first time.

What is it about my position here that makes it so interesting? First, I am a "coin and history nut" and have been collecting or "hunting and gathering" coins, banknotes, medals and other related interesting things for more than 50 years and I just like being around "stuff" of this sort. Over the years I have had the opportunity of working with a lot of fabulous material that most collectors and many dealers would never have a chance of seeing. I appreciate the historical background of much of the numismatic material we see here - having a couple of degrees in history probably helps somewhat; unfortunately, any collectors or fellow "addicts" do not have the opportunity of being involved at this level.

As a numismatic researcher I seek out reference materials to properly identify and attribute consigned or purchased material, indicating varieties as appropriate, as well as writing brief descriptions for medals and ancient coins. I get a great deal of pleasure by being able to work with someone's special "treasures", especially when they have been well cared for. Being exposed to and working with the volume and variety of material we get here is a challenge and pleasure (for the most part), especially in using some references we don't handle on a frequent basis.

My activities and exposure to so many interesting things here have somewhat altered my collecting interests over the years; by working with various French revolutionary coinage issues I became interested in the Napoleon I coinages of the 1815 "Hundred Days" and eventually "completed" a four-piece type set - 5 actually, if you count a Louis XVIII 1815 20 Francs minted while he was in Britain. I've also obtained a British silver Penny of Harold II "Arroweye" to accompany a Penny of William I which I've had for many years, a small selection of Philip II of Spain & Mary Tudor British coins due to my interest in Tudor history, several silver ancients, a Bolivian 1650 8 Reales from the "Capitana" wreck, etc. Most of these purchases are far removed from my main interests but when nothing is showing up in an addict's main field, one has to buy something else, right? Someday, when something more closely related to my Icelandic interests shows up, many of these items will "go on the block" for someone else to enjoy.

We are constantly working in some stage of catalog preparation; we may be sorting consigned material into catalog order and/or proofreading text for one auction and writing up material consigned for another future auction (or two) at the same time. Does this sometimes get confusing? Not really as material for the auction catalog in preparation is kept apart from materials going into other auctions. When asked if certain coins will be in the next auction it is sometimes hard to remember if we have them in the next sale or the following one! At any rate, once coins for a particular auction have been sorted into catalog order, one of my tasks is to double-check listings, references and attributions as well as notations of condition, estimates, etc. If you find something "screwed up" it's because I missed it.

I mentioned that we work with many different reference books; please take a look at the Bibliography for this auction in our printed catalog and you will note a rather lengthy list of references, all of which were used in attributing material for this sale. If you check the Bibliography which appears in our "online" catalog you will note that it is much longer as this comprises all the references we normally use in attributions and research. Why have two different listings? We have chosen to cite only the references used in a particular sale for the printed version due to the time needed to create the listing, the number of pages needed as well as expenses involved in printing.

The "online" catalog bibliography doesn't incur any additional expense for space used, the only "cost" being in time needed to update the listing by adding new and deleting obsolete references. We are constantly reviewing material about new references and obtaining items which can assist in our work; every so often we will check the library and remove material which has been superseded by new editions or has been just taking up space on the shelves for quite a while.

I am frequently asked if I have read most of the books we have in our library and I have to confess that I haven't. I've used most of them but just don't have the time to sit and read them. Maintaining bibliographic listings isn't something I consider exciting by any means, but I heard that they have been helpful to many people.

One of my other duties is to maintain the listings of our library (alphabetically by author - the basic reference listings comprise of 179 pages). This is essential so we can avoid ordering books which might duplicate what we currently have or let us see that a newer edition of a particular work is now available. Updating this with listings of new arrivals takes some time, especially if we've been very successful in an auction of numismatic books, but it has to be done for proper tracking. I also maintain cross-referencing lists by subject and/or area (ancient, medieval & modern coins & medals and paper money); this is a real time saver in tracking down references on something we don't see often or regularly and certainly helps someone not too familiar with our library. Again, not exciting work but extremely helpful in locating proper reference materials.

Another facet of my work is to maintain in-house stock inventory listings, adjusting these based on reported sales or purchases; this allows a nearly immediate overview of current availability of listed materials. Physical inventories are conducted on a periodic basis, usually after periods of greater than usual activity, with updated listings being produced and maintained. As before, not really exciting but interesting and very useful.

A true highlight of my position to discuss some of the many aspects of numismatic collecting with either beginning or advanced collectors and in working with people interested in selling their collections. If you have certain collecting interests but haven't seen anything in your field(s) in recent catalogs of ours, don't feel shy about asking if we will have material of possible interest to you in upcoming catalogs. If you are interested in selling some of your material, either a whole or partial collection or what I refer to as my "neat stuff but not my main area" collection, we would be happy to discuss your interests.

We have a nice variety of material to offer in this catalog; world paper money as well as ancient, medieval and modern coinage and assure you that you will like the next two catalogs we are currently working on, these being for the New York International Numismatic Convention and Chicago International Coin Fair.

All our best wishes and happy hunting!

Stewart Westdal
